Description :

Prsentation de l'diteurFAITH WILL NOT SAVE HIM.Saker looks like a simple priest, but in truth he's a spy for the head of his faith. It's a dangerous job, and more lives than merely his own depend on his secrecy.When Saker is wounded by a Lascar sailor's blade the weapon seems to follow him home. Unable to discard it, nor the sense of responsibility that comes with it, Saker can only follow its lead. It will put him on a journey to strange shores, on a path that will reveal terrible secrets about the empire, about the people he

serves, and likely lead to his own destruction. The Lascar's dagger demands a price, and that price will be paid in blood. Revue de presse "The Lascar's Dagger is a brilliant, complex, entertaining start to a new series, with deeply-considered cultures and characters, a plot that grabs hold and doesn't let go, exotic settings, and mysterious powers apparently determined to change the fate of anyone who comes near them. Outstanding all the way to the last word...which left me panting for more. Glenda Larke tops my chart." Elizabeth Moon,

New York Times bestselling author "If it's breathtaking adventure, exotic world-building and fabulous characters and their dilemmas you're after, then Glenda Larke is the author you want. The Lascar's Dagger is the start of another wonderful fantasy series." Karen Miller "Magic, religion, and the spice trade combine in this intriguing series launch... This is an absorbing political fantasy that bodes well for the rest of the series." Publishers Weekly on The Lascar's Dagger "If you are looking for a new epic fantasy series that will engage, entertain (and maybe even enthrall you) in equal measures, then Larke's your author and The Forsaken Lands is your series."
